REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the instant claims define over the prior art of record because the disposition of the labeled reagent on or within the macroporous body provided advantages over the position of the labeled reagent on or within the main porous carrier strip as shown by the declaration dated 26 May 2004. Specifically, the prior art Eisinger, in places where the particulate label is taught, it specifically teaches placing the labels on the carrier itself and not in the macroporous body. According to the declaration, the intensity of the observable horizontal lines is more uniform and more reproducible in the instant device and the test line intensity was higher for the instant device where the labeled reagent is disposed within the macroporous body.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
